INTRODUCTION

DALE COUNTY ALABAMA TOMB RECORDS WERE ORIGINALLY COPIED BY THE UNDERSIGNED DURING THE PERIOD 1948-1952. THE ORIGINAL RECORD WAS POORLY ARRANGED AND TYPED ON 8½ x 14 INCH PAPER WITHOUT AN INDEX. SOME COPIES WERE MADE BY INDIVIDUALS OVER THE YEARS AND BASICALLY FOLLOWED THE SAME FORMAT. I'VE FOUND THE ORIGINAL COPY HARD TO USE AND HARD TO STORE WHEN NOT IN USE. THEREFORE, FOR PURELY PERSONAL USE THE ENTIRE RECORD HAS BEEN RETYPED AND INDEXED. DURING THE RETYPING SOME APPARENT ERRORS WERE NOTED. SOMETHINGS THAT APPEARED TO BE ERRORS HAVE BEEN RECHECKED AND FOUND TO BE RECORDED AS THEY APPEAR ON THE MARKERS. WHEN THIS WORK WAS ORIGINALLY UNDERTAKEN? I WAS JUST BEGINNING IN GENEALOGY WORK. THIS FACT IS REFLECTED THROUGHOUT THIS RECORD. HOWEVER, NO ONE ELSE TO THIS DATE, TO MY KNOWLEDGE, HAS DARED TO IMPROVE UPON THIS RECORD THEREFORE, IT REMAINS TO BE THE BEST RECORD AVAILABLE ON THE SUBJECT. THE FACT IS RESTATED, THIS IS A PERSONAL COLLECTION AND SATISFIES MY OWN USE QUITE WELL. IF OTHER RESEARCHERS FIND IT AN AID TO THEIR RESEARCH, THEN LET IT SERVE TO ITS FULLEST EXTENT.

ANTIOCH CEMETERY. Located on left of Ozark-Skipperville Highway about 10 miles from Ozark on the farm now owned by a Mr. Dykes. Inquire of location if desire to visit as it is hard to locate. Grew up mighty bad. The above mentioned Mr. Dykes (Father of Sheriff Dykes-Dale Co.) Accompanied me while securing this record. As I recall only a few of the Tombs were standing. Others were located flat on the ground. It is definitely possible that more tombs are buried under the vines, weeds and bushes so Numerous in this cemetery. Some PEACOCKS are buried there but their identity is still a mystery. Mr. Edd Dykes directed me to two spots where tombs were located and said that was all he could recall being out there. It being late afternoon and having no facilities for cutting my way around I made no further search. (Date copied not shown-1948 or 1949 though)

SHILOH CEMETERY. Located between Daleville and Clayhatchee. This is about a half mile north of Clayhatchee on right side of Highway. This cemetery was moved during World War 2 from the (Now) Camp Rucker Area. Many of the names contained on this list were secured from little paper tags at head of graves. It is my understanding Mr. A. K. Holman was in charge of moving the Cemeteries from this area. This record made October 10, 1948. There are many tags marked "Unknown."

HAWRIDGE CEMETERY. Located at Ebenezer Church in Longstreet Community. This Cemetery was removed during World War 2 from what is now the Camp Rucker Area. Many of the names I have listed came from little tags at head of the graves. A lot of these tags bear no data other than the name, which I hope will be of service to some unknown person in their research. This is a part of the Ebenezer Cemetery which lies west of North-South road across Cemetery. Copied Aug 14, 1948 North section is Hawridge and Mt. Liberty Cemetery is the south section

EBENEZER - ZION CEMETERYS.

Both located at Ebenezer Church in Longstreet Community. These Cemeteries were removed from the Camp Rucker area during world war 2. Many graves only have an "Unknown" card as a marker. Others have faint information on these cards. Therefore, the information shown on this record will not necessarily be the information from the headstone. Copied this record in company with my brother, Earl McCoy Hayes August 5, 1948.

From Ozark pass newton on Highway 231. Pass Hartford Highway Intersection and turn right at first dirt road or about 200 yards from intersection. Then go about 4 miles straight. NOTE: This cemetery was moved from what is now the Camp Rucker area during the war. Many of the names I have shown (Or should I say ALL of the names I have shown) without any dates came from little cards used ad grave markers. Many of these tags are now unreadable, other just partially readable. Copied May 10, 1949

INDEX

Numbers Viz 50/2 indicates the name is mentioned on page 50 twice. The researcher must bear in mind the name could refer to a separate person each time it is mentioned. However, in many cases it has reference to the same individual especially when the same page reference is used.

Also, the researcher should be aware of the fact an individual is often listed by any combination of his or her name and initials. Thus, the same person will be indexed by any and all of these various names shown. This will include the various spellings of the Surname. For instance: Sullivant: Sillivant, Silivant, Sullevent, Sellivent etc. If the person you seek isn't located by the particular name you think it should, better check the entire Index for the beginning letter of the Surname desired. It could be hidden where you want expect it to be.
