Fill Out Your Family Sheets

!!PLEASE!!

Are you proud to be a part of the Woodham Family?

Most of us take our family for granted. We are close to our brothers and sisters until we leave home and set up our own homesteads. After that, we drift apart. By the time our own children grow up, they barely know the children of our brothers and sisters.

Very few of us are aware of the fact we are all part of one family. And as we become more and more scattered across the nation and even to foreign countries, we grow even further apart. Funerals have become the only times for family gatherings.

One of the main purposes of the Woodham Family Club is to gather and preserve information on our Woodham family from its beginnings in America in the 1650's up to those born today. The baby born into our Family yesterday is now a part of our "family history".

We are trying to gather and preserve all this family history, with information on every Woodham and descendant since 1650.

On the next page, you will find one of our standard family sheets. We are trying to complete one of these on every Woodham and descendant who lived to be an adult.

PLEASE...take the time to fill out this family sheet on your own immediate family; make some xerox copies of it and fill out one on your Woodham parents, grandparents, brothers, sisters, your married children, grandchildren and your aunts and uncles; and return these to us.

We now have several thousand of these family sheets on our family. However, there is still much work to be done to gather information, especially on relatives born in the last 50 years.

Please care enough about your family to take an active part in this project. Every time a Woodham dies, a piece of our history is lost forever. Don't let this happen to you.

Fill Out Your Family Sheets

!!PLEASE!!

Are you proud to be a part of the Woodham Family?

Most of us take our family for granted. We are close to our brothers and sisters until we leave home and set up our own homesteads. After that, we drift apart. By the time our own children grow up, they barely know the children of our brothers and sisters.

Very few of us are aware of the fact we are all part of one family. And as we become more and more scattered across the nation and even to foreign countries, we grow even further apart. Funerals have become the only times for family gatherings.

One of the main purposes of the Woodham Family Club is to gather and preserve information on our Woodham family from its beginnings in America in the 1650's up to those born today. The baby born into our Family yesterday is now a part of our "family history".

We are trying to gather and preserve all this family history, with information on every Woodham and descendant since 1650.

On the next page, you will find one of our standard family sheets. We are trying to complete one of these on every Woodham and descendant who lived to be an adult.

PLEASE...take the time to fill out this family sheet on your own immediate family; make some xerox copies of it and fill out one on your Woodham parents, grandparents, brothers, sisters, your married children, grandchildren and your aunts and uncles; and return these to us.

We now have several thousand of these family sheets on our family. However, there is still much work to be done to gather information, especially on relatives born in the last 50 years.

Please care enough about your family to take an active part in this project. Every time a Woodham dies, a piece of our history is lost forever. Don't let this happen to you.
