**The Names and
addresses of 759 Woodhams
nationwide**

**Published by the
Woodham Family News**

Thank you,

We would like to take this opportunity to say thank you for your business. We sincerely hope you are happy with your purchase and will continue to help support the Family News. We hope that your support will come in the form of genealogy, stories, current events, history, group sheets, pedigree charts and so on. We will make every effort to be of service to you. The Family News offers a free query service for any name listed in the Family News Network. Many people have found long lost relatives, both living and dead, through this service. You'll find out more about this in upcoming issues of the Family News.

To use this registry: First find the state the party you are looking for lives in. The states are listed in alphabetical order. Then find the first name of that party. First names are listed in alphabetical order also. We have tried to keep this record current, but it is extremely difficult. If you have an address change or know of a needed correction, please let us know.

If there are any questions about this registry or any of the products advertised in the family news, please feel free to call the Family News Hotline at: 1 - 303 - 451 - 0556.

Thanks once again for your continued support.
